

Biography

Department of the Army

Shelley A. Richardson

**Acting Deputy Assistant Secretary of the Army
Strategic Integration
Washington, DC**

Ms. Richardson has been with the Office of the Assistant Secretary of the Army (Installations, Energy and Environment) since the fall of 2014. In her current role, she leads installation strategy development, resource requirements and funding, and installation modernization efforts for the Army. She integrates installation strategic readiness and modernization considerations into Army planning and programming documents, and is driving change for installation operations as part of an Army cultural shift recognizing installation enabling roles and capabilities in Army force projection.

Prior to this assignment, she was the Program Analysis and Evaluation Division Chief within the resource management staff in the Combined Arms Support Command at Fort Lee, Virginia. She supported nine Army schools to ensure resources appropriately aligned in support of sustainment education and training.

Ms. Richardson is a retired Army colonel of logistics. She was the first Army Logistics University President, where she led the 2005 Base Realignment and Closure consolidation of professional military leader education and training from the Army Logistics Management College, the US Army Ordnance School, the US Army Quartermaster School, and the US Army Transportation School into one University.

She commanded the Army and Air Force Exchange Service (AAFES) – Europe and South West Asia, providing AAFES support to the European theater and forward operating bases throughout the Operation Iraqi Freedom and Operation Enduring Freedom theaters. Prior to this she served as Division Chief, Acquisition and Support Programming Analysis Division, Program Analysis and Evaluation Directorate, Headquarters, Department of the Army, where she programmed resources for the Stryker force, and other programs that informed Army modernization and logistics.

Ms. Richardson is also a certified Executive Coach and DISC behavioral analyst.
